#### How might this session be improved?

- Great speaker. Greatly enjoyed her.
- Not enough on how to's.
- Awesome!
- Compelling speaker and a great story-teller but honestly, I didn't need to listen to all the usual stories about safety and mistakes, etc for an hour to hear a few minutes of practice recommendations. Too much melodrama.
- This should be shared with all health providers.
- Amazing and compelling message! I can't wait to take this back to my organization!
- Slides were a bit crazy. Best lecture of this entire week. Thank you!
- Exceeded every expectation.
- Absolutely nothing! Superb!
- Keep teaching, the effect you're having is tremendous but it will be slow to become the dominant culture. Do not lose hope!
- One of the best presentations ever went to.
- Excellent, dynamic, informative presenter and presentation.
- Loved your presentation. You touched my head and my heart.
